City of Leeds,

It's that time of year! We here at NRG are working to update agreement information for next year.

This past year you may have either met with or received an email from Dwight Driscoll or Jacob Fricke from our office with your replacement schedule or agreement pricing for 2026. If you didn't, below is a recap of the amounts for your 2026 NRG agreement:

Agreement:	\$54
Server Backup:	<u>\$55.71</u>
Total Monthly Amount:	\$109.71

The agreement amount includes the amounts for your PC and server support, as well as your PC replacement costs if you have a Plus agreement. If you add or delete any PC's from your agreement this amount will change.

Your additional services amounts are listed separately. Please note that some of these additional services may change throughout the year, therefore changing your monthly amount.

We do ask that you fill out and return this letter to confirm that you understand your amounts for 2026. Please also indicate if you would like to continue being billed annually or if you'd like to start being billed monthly for your monthly invoice.

Thanks, and we look forward to continuing service to you!

A handwritten signature in blue ink, appearing to read "Lonny Bosch", is written over a horizontal line.

Lonny Bosch
NRG President

City of Leeds has received the letter from NRG and understand our agreement amount of \$109.71 for 2026.

We also elect to ☐ continue to be billed annually or ☐ would like to be billed monthly.
